Gosh how time flies. It's already October! We are about to go on intersession break. Report cards will be sent out the week after we return from break.

Just a quick homework reminder: Homework is given every week in each class, no exceptions. Homework is something that your child will occasionally need assistance with, but for the most part it is a review of skills learned in class throughout the week.

Planners go home Monday-Thursday with your child's behavior color and with an occasional note from the teachers. Please check and initial daily.

In math, we are wrapping up dividing whole numbers and moving on to measurement of mass and length. In reading, we have been working on personal narratives and main idea and key details. In science, we are learning the life cycle of animals and completing a research project.
